

Dear Friends,

"Moreover it is required in stewards, that a man be found faithful." 1 Corinthians 4:2

Thank you for your faithful support through finances and prayers in June. We count it a blessing to serve alongside you as we share Christ with adults and children in Georgia. The privilege of seeing lives changed cannot be understated as each person moves from death to life with their decision.

As our new normal continues in this age of COVID, we are actively planning to train and encourage leaders through online resources and zoom meetings. As we seek to meet the needs of the churches beginning this fall and seek to find new ways to minister within distancing requirements, we believe this will provide each leader with the knowledge they need to minister to the children God brings to their club. We are encouraged by the excitement and opportunity this will provide for churches and their leaders who are still under restrictions or feel the need to not enter a large gathering.

As the end of the Awana year for 2020 arrived, we actively communicated with churches to encourage them with end of year awards ideas. Drive by ceremonies were a popular way of celebrating the children's accomplishments and encouraging them for the year to come. As one club stated, the leaders, children, and parents were excited to see the accomplishments achieved in the midst of turmoil and unknowns and the faithfulness of those diligent to hide God's word in their hearts.

As we close, thank you for your faithfulness as we serve the LORD through this ministry. Your dedication to the children of Georgia and to us allows many people to come to know Christ and spend eternity celebrating our Lord and Savior, Jesus.

Eternally in His Grip,

Pete and Nancy Cyprian

Your Awana Missionaries to Southwest Georgia
